LAND CONVEYANCE TO TRINITY COUNTY, CALIF.

MAY 29, 1961.—Committed to the Committee of the Whole House on the State of the Union and ordered to be printed

Mr. COOLEY, from the Committee on Agriculture, submitted the following

REPORT

[To accompany H.R. 2249]

The Committee on Agriculture, to whom was referred the bill (H.R. 2249) to authorize the Secretary of Agriculture to convey certain property in the State of California to the county of Trinity, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE

The purpose of this bill is to authorize the Secretary of Agriculture to return by quitclaim deed to Trinity County, Calif., approximately one-half acre of a 12-acre tract which was donated to the United States by the county in 1934 as a site for the headquarters of the Weaver-ville and Trinity Lakes Ranger Districts, Trinity National Forest.

The parcels of land covered by this bill lie in the extreme eastern edge of the administrative site and have never been used by the Government. In fact, the parcels in question have been used by the county for the past several years under a special use permit for streets and other public purposes. The Department of Agriculture in its report states that the Forest Service sees no further need for this land and believes that the highest foreseeable use for the parcels is the public purpose to which they have been put.

HEARINGS

Hearings were held on an identical bill (H.R. 9732) in the 86th Congress. The bill passed the House but was not acted upon in the Senate.

COST

There would be no direct cost to the Government as the result of the enactment of this bill, since the land in question was acquired by donation and is not being used by any Government agency.

DEPARTMENTAL POSITION

The Department of Agriculture reports that there is no objection to the enactment of H.R. 2249. Following is the Department's report which discusses in some detail the use to be made by the county of the land involved.

DEPARTMENT OF AGRICULTURE,
Washington, D.C., March 31, 1961.

HON. HAROLD D. COOLEY,
*Chairman, Committee on Agriculture,
House of Representatives.*

DEAR CONGRESSMAN COOLEY: This is in response to your request of March 2, 1961, for the views of this Department on H.R. 2249, a bill to authorize the Secretary of Agriculture to convey certain property in the State of California to the county of Trinity.

We would have no objection to the enactment of this bill.

H.R. 2249 would authorize the Secretary of Agriculture to quitclaim to Trinity County two parcels of land. The purpose of the bill is to restore legal title to the county of land formerly owned by it and included in a larger tract donated by the county to the United States. The two parcels total 0.496 acre.

The tract of which these parcels are a part is located in Weaverville, the unincorporated county seat of Trinity County, and is the headquarters site of the Weaverville and Trinity Lakes Ranger Districts, Trinity National Forest. The two parcels described lie at the extreme eastern edge of the administrative site and their return to county ownership will have no effect on use of the site by the Forest Service. Parcel A, 0.034 acre, has been separated from parcel B and the administrative site by construction of State Highway 299. Permits have been issued to the Weaverville Fire District for construction of a firehouse on part of the parcel, and to Trinity County for a street on the remainder. Parcel B, 0.462 acre, is also under permit to the county for a street and parking space, and for sanitary facilities accommodating the community of Weaverville. The highest foreseeable use of the two parcels are the public purposes to which they have been put.

Discussions with county officials were begun in May 1933 concerning the acquisition of a Forest Service administrative site at Weaverville. Existing Forest Service facilities for supervisor's headquarters were inadequate to provide for the increased responsibilities the emergency programs of that period entailed. A new site was urgently needed. The county-owned tract in town was the only site suitable for the purpose because of size (12.36 acres), location, and other factors. County officials readily agreed to a donation and cooperated in every respect. The donation was completed in 1934.

In the circumstances the exact needs of the United States and the county were not fully considered. In 1939 formal action was taken

by the county board of supervisors for recognition of the situation. By resolution the board requested permits for its use of the land pending application to have title restored for the two parcels. These permits were issued.

Local forest officers report no conflict between use of the administrative site as ranger headquarters and return of the parcels in question to the county for its public uses. Enactment of H.R. 2249 will also permit adjustment of rights-of-way, which is a matter of significance to the community of Weaverville.

The Bureau of the Budget advises that there is no objection to the presentation of this report from the standpoint of the administration's program.

Sincerely yours,

CHARLES MURPHY, *Acting Secretary.*

LAND CONVEYANCE TO TRINITY COUNTY, CALIF.

The Clerk called the bill (H.R. 2249) to authorize the Secretary of Agriculture to convey certain property in the State of California to the county of Trinity.

The SPEAKER pro tempore. Is there objection to the present consideration of the bill?

Mr. FORD. Reserving the right to object, Mr. Speaker, I should like to ask the author of the bill what the justification is in this instance for the proposed transfer without consideration to the Federal Government?

Mr. JOHNSON of California. Mr. Speaker, last session we passed this bill in the House. The facts behind this transfer are these: The county deeded to the Federal Government 12 acres for the construction of a Forest Service headquarters in Trinity County. Since that time a highway has moved through a part of this property and there is a half-acre parcel separated from the original parcel deeded by the County of Trinity to the Forest Service. The Board of Supervisors are asked for this half-acre back. This land was originally given by the county, 12 acres. Since the highway separated this property there is a half-acre left. Now the county wants to place a fire house on this small parcel of land.

Mr. FORD. Several years ago we said that no transfer from the Federal Government to other governmental agencies should be made unless a fair and equitable compensation was paid. At the same time we took cognizance of the kind of situation which the gentleman describes, where these local Government agencies have donated the land or part thereof in the first place to the Federal Government and where the land would now be transferred back to the local governing body.

Based on that fact, that this is a re-transfer to the local government by the Federal Government, which was given the land in the first instance, this seems

to be an adequate justification for the transfer without compensation at this time.

Mr. Speaker, I withdraw my reservation of objection.

The SPEAKER pro tempore. Is there objection to the present consideration of the bill?

There was no objection.

The Clerk read the bill, as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of Agriculture is authorized to convey by quitclaim deed, without consideration, to the county of Trinity, State of California, all the right, title, and interest of the United States in and to the following described lands, which were conveyed to the United States by deed dated April 28, 1934, and recorded in book 53, page 186, in the records of the county of Trinity, California:

Containing 0.462 acre, more or less.

The bill was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

CONVEYANCE OF LAND TO SUSANVILLE, CALIF.

The Clerk called the bill (H.R. 2250) to authorize and direct the Secretary of Agriculture to convey certain lands in Lassen County, Calif., to the city of Susanville, Calif.

The Clerk read the title of the bill.

The SPEAKER. Is there objection to the present consideration of the bill?

Mr. FORD. Mr. Speaker, reserving the right to object, would the gentleman from California give us an explanation of this transfer, again a transfer of land without consideration?

Mr. JOHNSON of California. As the gentleman from Michigan knows, last year we also passed this bill in the House. The Forest Service was going to locate their Lassen National Forest headquarters in Lassen County, Calif., and the National Forest Service chose the city of Susanville. At that time the city and a number of individual citizens got together and donated a parcel of land for the construction of this facility. In the meantime, the Forest Service decided to go elsewhere and they located their facilities on another site. At the present time the city is asking for this site back for the construction of a city firehouse in the city of Susanville. They donated this property to the Federal Government in the first instance, and today they are asking for the return of it since the Federal Government is not going to use it for the purpose for which it was given.

Mr. FORD. Mr. Speaker, I withdraw my reservation of objection.

The SPEAKER pro tempore. Is there objection to the present consideration of the bill?

There was no objection.

The Clerk read the bill as follows:

Be it enacted by the Senate and House of Representatives of the United States of

America in Congress assembled, That the Secretary of Agriculture is authorized and directed to convey by quitclaim deed, without consideration, to the city of Susanville, California, all the right, title, and interest of the United States in and to the following lands which were previously donated to the United States by C. D. Mathews and Ethel M. Mathews, his wife, by deed dated December 6, 1939, and recorded in book 38 of deeds, at page 218, in the records of Lassen County, California:

The bill was ordered to be engrossed and read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

Increases the maximum allowance for use of privately owned automobiles or airplanes from 10 cents to 12 cents per mile.

Increases the maximum allowance for the use of privately owned motorcycles from 6 cents to 8 cents per mile.

LAND CONVEYANCE TO TRINITY COUNTY, CALIF.

JULY 20, 1961.—Ordered to be printed

Mr. EASTLAND, from the Committee on Agriculture and Forestry,
submitted the following

R E P O R T

[To accompany H.R. 2249]

The Committee on Agriculture and Forestry, to whom was referred the bill (H.R. 2249), to authorize the Secretary of Agriculture to convey certain property in the State of California to the county of Trinity, having considered the same, report thereon with a recommendation that it do pass without amendment.

H.R. 2249 authorizes the return, without consideration, to Trinity County, Calif., of a small part of a 12.36-acre tract donated by it to the United States in 1934 for a ranger headquarters. The land to be returned, 0.496 acre, is not needed by the United States and is currently being used by the county and the Weaverville Fire District under permits from the Forest Service.

The report of the House Committee on Agriculture, containing the views of the Department of Agriculture on the bill, is attached.

[H. Rept. 443, 87th Cong., 1st sess.]

The Committee on Agriculture, to whom was referred the bill (H.R. 2249) to authorize the Secretary of Agriculture to convey certain property in the State of California to the county of Trinity, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

PURPOSE

The purpose of this bill is to authorize the Secretary of Agriculture to return by quitclaim deed to Trinity County, Calif., approximately one-half acre of a 12-acre tract which was donated to the United States by the county in 1934 as a site for the headquarters of the Weaverville and Trinity Lakes Ranger Districts, Trinity National Forest.

The parcels of land covered by this bill lie in the extreme eastern edge of the administrative site and have never been used by the Government. In fact, the parcels in question have been used by the county for the past several years under a special use permit for streets and other public purposes. The Department of Agriculture in its report states that the Forest Service sees no further need for this land and believes that the highest foreseeable use for the parcels is the public purpose to which they have been put.

HEARINGS

Hearings were held on an identical bill (H.R. 9732) in the 86th Congress. The bill passed the House but was not acted upon in the Senate.

COST

There would be no direct cost to the Government as the result of the enactment of this bill, since the land in question was acquired by donation and is not being used by any Government agency.

DEPARTMENTAL POSITION

The Department of Agriculture reports that there is no objection to the enactment of H.R. 2249. Following is the Department's report which discusses in some detail the use to be made by the county of the land involved.

DEPARTMENT OF AGRICULTURE,
Washington, D.C., March 31, 1961.

HON. HAROLD D. COOLEY,
*Chairman, Committee on Agriculture,
House of Representatives.*

DEAR CONGRESSMAN COOLEY: This is in response to your request of March 2, 1961, for the views of this Department on H.R. 2249, a bill to authorize the Secretary of Agriculture to convey certain property in the State of California to the county of Trinity.

We would have no objection to the enactment of this bill.

H.R. 2249 would authorize the Secretary of Agriculture to quitclaim to Trinity County two parcels of land. The purpose of the bill is to restore legal title to the county of land formerly owned by it and included in a larger tract donated by the county to the United States. The two parcels total 0.496 acre.

The tract of which these parcels are a part is located in Weaverville, the unincorporated county seat of Trinity County, and is the headquarters site of the Weaverville and Trinity Lakes Ranger Districts, Trinity National Forest. The two parcels described lie at the extreme eastern edge of the administrative site and their return to county ownership will have no effect on use of the site by the Forest Service. Parcel A, 0.034 acre, has been separated from parcel B and the administrative site by construction of State Highway 299. Permits have been issued to the Weaverville Fire District for construction of a firehouse on part of the parcel, and to Trinity County for a street on the remainder. Parcel B, 0.462 acre, is also under permit to the county for a street and parking space, and for sanitary facilities accommodating the community of Weaverville. The highest foreseeable use of the two parcels are the public purposes to which they have been put.

Discussions with county officials were begun in May 1933 concerning the acquisition of a Forest Service administrative site at Weaverville. Existing Forest Service facilities for supervisor's headquarters were inadequate to provide for the increased responsibilities the emergency programs of that period entailed. A new site was urgently needed. The county-owned tract in town was the only site suitable for the purpose because of size (12.36 acres), location, and other factors. County officials readily agreed to a donation and cooperated in every respect. The donation was completed in 1934.

In the circumstances the exact needs of the United States and the county were not fully considered. In 1939 formal action was taken by the county board of supervisors for recognition of the situation. By resolution the board requested permits for its use of the land pending application to have title restored for the two parcels. These permits were issued.

Local forest officers report no conflict between use of the administrative site as ranger headquarters and return of the parcels in question to the county for its public uses. Enactment of H.R. 2249 will also permit adjustment of rights-of-way, which is a matter of significance to the community of Weaverville.

The Bureau of the Budget advises that there is no objection to the presentation of this report from the standpoint of the administration's program.

Sincerely yours,

CHARLES MURPHY, *Acting Secretary.*

not less than the value of the land granted in exchange as determined by the Secretary of Agriculture.

Mr. MANSFIELD. Mr. President, I ask unanimous consent to have printed in the RECORD at this point in the consideration of the bill, pertinent excerpts from the report of the Committee on Agriculture and Forestry, accompanying the bill.

There being no objection, the excerpts from the report (No. 579) were ordered to be printed in the RECORD, as follows:

S. 702 provides for the exchange of less than 0.2 of an acre formerly used as a corral by the Forest Service for land of equal value. The committee recommends the adoption of substitute language suggested by the Department of Agriculture to correct the legal description so that it does not include an easement not intended to be conveyed, and so that it reserves an easement needed by the Forest Service. The substitute amendment is agreeable to the other party to the exchange, the town of Afton, Wyo. The amendment would also omit specific reference to the town as the grantee of the land to be received by the United States in exchange to eliminate the possibility of legal objections that might be raised if the land to be received by the United States were outside of the town limits.

The report of the Department explaining the bill in detail is attached.

DEPARTMENT OF AGRICULTURE,
Washington, D.C., May 17, 1961.

HON. ALLEN J. ELLENDER,
Chairman, Committee on Agriculture and Forestry, U.S. Senate.

DEAR SENATOR ELLENDER: This is in reply to your request of February 1, 1961, for a report on S. 702, a bill to authorize the Secretary of Agriculture to exchange certain lands in the State of Wyoming with the town of Afton, Wyo.

We recommend that S. 702 be amended as hereinafter set forth. If it is so amended, then this Department would favor its enactment.

The bill would direct the Secretary of Agriculture to convey certain land described in the bill to the town of Afton, Wyo., and in exchange therefor, to accept from the town on behalf of the United States, any tract agreed upon by the Secretary and the town. The bill provides that the appraised value of any tract so conveyed to the United States shall be not less than the appraised value of the land conveyed by the United States.

S. 702 is intended to provide for the conveyance of a tract of less than 0.2 acre in Afton, formerly used chiefly as a corral in connection with a national forest administrative site but no longer serving that purpose, in exchange for other land suitable for a Forest Service horse pasture in or near the town. The Federal tract needed by the town adjoins and is suitable for addition to the public park of Afton. It is a portion of a tract donated to the United States by its former owner in 1933.

The description of the land which the bill would direct to be conveyed to the town includes a strip of land, 1 rod width and 10 rods long, which was not a part of the donated tract. This is a strip of land over which an easement was recently granted to the United States by the town for an existing and necessary access road to some ranger station buildings and facilities on adjoining Government land. It is necessary that this easement be retained by the Government. Also, in order to assure adequate access to the Afton administrative site, the United States needs to reserve an easement of like width (1 rod) for the continuation of this access road across the north side of the land

which would be conveyed to the town. We are advised that this is acceptable to the town officials.

If the land agreed upon for conveyance by the town to the United States should be outside the established town limits, there would be questions as to the authority of the town officials to acquire or exchange such land. In the absence of such authority, the enactment of further legislation by the State of Wyoming would be necessary to authorize the town to acquire such land and exchange it for land of the United States. If, however, the Secretary were given authority by S. 702 to complete an exchange without specific reference to the town, arrangements might be made whereby an individual could trade land of at least equal value for the Government land the town desires and subsequently convey this land to the town. Such discretionary authority of course would not preclude the Secretary from exchanging lands directly with the town if the town officials could legally acquire and exchange it. We are advised that town officials are agreeable to such provisions.

Because of the several changes which would be necessary to take into account the circumstances that exist or may develop with respect to the lands to be exchanged, we have prepared an amendment which is in the nature of a substitute for S. 702. We would favor the enactment of the substitute bill, which is attached.

The Bureau of the Budget advises that there is no objection to the presentation of this report from the standpoint of the administration's program.

Sincerely yours,

ORVILLE L. FREEMAN,
Secretary.

The PRESIDING OFFICER. The question is on the committee amendment.

The amendment was agreed to.

The PRESIDING OFFICER. The bill is open to further amendment. If there be no further amendment to be proposed, the question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

CONVEYANCE OF CERTAIN PROPERTY IN THE STATE OF CALIFORNIA

Mr. MANSFIELD. Mr. President, I move that the Senate proceed to the consideration of Calendar No. 554.

The PRESIDING OFFICER. The bill will be stated by title.

The CHIEF CLERK. A bill (H.R. 2249) to authorize the Secretary of Agriculture to convey certain property in the State of California to the county of Trinity.

The PRESIDING OFFICER. The question is on the motion of the Senator from Montana.

The motion was agreed to; and the Senate proceeded to consider the bill.

Mr. MANSFIELD. Mr. President, I ask unanimous consent to have printed in the RECORD at this point in the consideration of the bill pertinent excerpts from the report of the Committee on Agriculture and Forestry.

There being no objection, the excerpts from the report (No. 580) were ordered to be printed in the RECORD, as follows:

H.R. 2249 authorizes the return, without consideration, to Trinity County, Calif., of a small part of a 12.36-acre tract donated by it to the United States in 1934 for a ranger

headquarters. The land to be returned, 0.496 acre, is not needed by the United States and is currently being used by the county and the Weaverville Fire District under permits from the Forest Service.

The report of the House Committee on Agriculture, containing the views of the Department of Agriculture on the bill, is attached.

[H. Rept. 443, 87th Cong., 1st sess.]

The Committee on Agriculture, to whom was referred the bill (H.R. 2249) to authorize the Secretary of Agriculture to convey certain property in the State of California to the county of Trinity, having considered the same, report favorably thereon without amendment and recommended that the bill do pass.

PURPOSE

The purpose of this bill is to authorize the Secretary of Agriculture to return by quitclaim deed to Trinity County, Calif., approximately one-half acre of a 12-acre tract which was donated to the United States by the county in 1934 as a site for the headquarters of the Weaverville and Trinity Lakes Ranger District, Trinity National Forest.

The parcels of land covered by this bill lie in the extreme eastern edge of the administrative site and have never been used by the Government. In fact, the parcels in question have been used by the county for the past several years under a special use permit for streets and other public purposes. The Department of Agriculture in its report states that the Forest Service sees no further need for this land and believes that the highest foreseeable use for the parcels is the public purpose to which they have been put.

HEARINGS

Hearings were held on an identical bill (H.R. 9732) in the 86th Congress. The bill passed the House but was not acted upon in the Senate.

COST

There would be no direct cost to the Government as the result of the enactment of this bill, since the land in question, was acquired by donation and is not being used by any Government agency.

The PRESIDING OFFICER. The bill is open to amendment. If there be no amendment to be proposed, the question is on the third reading and passage of the bill.

The bill (H.R. 2249) was ordered to a third reading, was read the third time, and passed.

CONVEYANCE OF CERTAIN LANDS IN LASSEN COUNTY, CALIF.

Mr. MANSFIELD. Mr. President, I move that the Senate proceed to the consideration of Calendar No. 555.

The PRESIDING OFFICER. The bill will be stated by title.

The CHIEF CLERK. A bill (H.R. 2250) to authorize and direct the Secretary of Agriculture to convey certain lands in Lassen County, Calif., to the city of Susanville, Calif.

The PRESIDING OFFICER. The question is on the motion of the Senator from Montana.

The motion was agreed to; and the Senate proceeded to consider the bill.

Mr. MANSFIELD. Mr. President, I ask unanimous consent to have printed in the RECORD at this point in the consideration of the bill pertinent excerpts from the report (No. 581) of the Committee on Agriculture and Forestry accompanying the bill.

There being no objection, the excerpts from the report (No. 581) were ordered to be printed in the RECORD, as follows:

H.R. 2250 authorizes conveyance of 1.2 acres to the city of Susanville, Calif. The land was donated to the United States in 1939 for a Forest Service headquarters site on behalf of the city, the county, the Susanville Chamber of Commerce, and individual citizens. It has been used only for a temporary dwelling, which was removed about 4 years ago. No present or foreseeable future need exists for Forest Service installations thereon.

NEED FOR THE LEGISLATION

The city of Susanville needs the affected site, which is located in the center of the city, for municipal purposes. The Forest Service has not used, and will not use, the land for the purpose for which it was donated or for any other presently contemplated purpose. A similar bill (H.R. 11917) was passed by the House in the 86th Congress but was not acted on in the Senate.

COST

Since the land involved herein was originally donated to the United States, its conveyance to the city would not represent any net cost to the United States.

The PRESIDING OFFICER. The bill is open to amendment. If there be no amendment to be proposed, the question is on the third reading and passage of the bill.

The bill (H.R. 2250) was ordered to a third reading, was read the third time, and passed.

ANIMAL QUARANTINE LAWS

Mr. MANSFIELD. Mr. President, I move that the Senate proceed to the consideration of Calendar No. 556.

The PRESIDING OFFICER. The bill will be stated by title.

The CHIEF CLERK. A bill (S. 860) to provide greater protection against the introduction and dissemination of diseases of livestock and poultry, and for other purposes.

The PRESIDING OFFICER. The question is on agreeing to the motion of the Senator from Montana.

The motion was agreed to; and the Senate proceeded to consider the bill.

Mr. MANSFIELD. Mr. President, I ask unanimous consent to have printed in the RECORD at this point in the consideration of the bill pertinent excerpts from the report of the Committee on Agriculture and Forestry accompanying the bill.

There being no objection, the excerpts from the report (No. 582) were ordered to be printed in the RECORD, as follows:

This bill, except for minor changes of a technical nature, is identical to S. 864 of last Congress, as passed by the Senate on July 16, 1959. It is designed to close a number of gaps which have shown up in the animal quarantine laws and to clarify authority for certain actions under such laws. Those laws have been enacted from time to time to meet particular situations. They are applicable to specific animals, diseases, or circumstances, and fall to cover, or provide different authority with respect to, other animals, diseases, and circumstances where there is a need for uniform, broad authority. The bill is designed to provide such authority for all cases of like need.

For instance section 11 of the act of May 29, 1884, gives the Secretary certain control and eradication authority with respect to a

long list of named diseases. It has been amended from time to time to add additional diseases. The bill would make it applicable to all communicable diseases of livestock or poultry.

Sections 1 through 4 of the act of March 3, 1905, provide quarantine measures for cattle and livestock. The bill would extend these provisions to all animals.

Section 1 of the act of March 3, 1905, authorizes quarantine of any State in which there are diseased livestock. The bill extends section 1 to States in which the contagion, or vectors which may disseminate the disease exist, even though there are no diseased livestock.

Section 2 of the act of February 2, 1903, authorizes the Secretary to seize, quarantine, and dispose of hay, straw, forage, or similar material. Section 2(b) of the bill authorizes the Secretary to seize, quarantine, and dispose of any articles which he finds were so related to certain animals as to be likely to be a means of disseminating disease.

These are but a few examples of the gaps which would be filled by the bill. The bill would increase the Secretary's seizure authority; clarify his authority to restrict imports; increase authority for inspection and for sanitary regulations, and provide injunction authority. The purpose of the bill is to provide adequate safeguards for the protection from disease of our domestic livestock and poultry industry.

DETAILS OF BILL

The bill would—

(1) authorize seizure, quarantine, and disposal of animals—(a) moved or handled in interstate or foreign commerce contrary to Federal quarantine laws and regulations, (b) moved into the United States or interstate while affected with or exposed to a communicable disease dangerous to livestock or poultry, or (c) affected with or exposed to an extremely dangerous disease creating an extraordinary emergency, but only if State or other authorities are not taking adequate measures (and in such case seizure, quarantine and disposal of carcasses of such animals and contaminated products and articles would also be authorized);

(2) require payment of indemnity in an amount not exceeding the difference between the fair market value and the compensation received from a State or other source for any animal, product, or article so disposed of, except one moved or handled contrary to certain Federal or State quarantine laws and regulations;

(3) authorize sanitary regulations for conveyances, stockyards, feed, and other facilities used in connection with moving animals into or from the United States, or interstate;

(4) authorize regulations restricting or prohibiting importation of animals likely to disseminate disease if necessary to protect domestic livestock or poultry;

(5) authorize inspection of (a) persons and conveyances moving into the United States; (b) persons and conveyances moving interstate upon probable cause; and (c) premises with a warrant;

(6) provide penalties of fine and imprisonment for violation of the regulations under the preceding provisions and authorize enforcement of the preceding provisions and regulations thereunder through injunction;

(7) extend to all communicable diseases of livestock or poultry the Secretary's authority under section 11 of the act of May 29, 1884, to eradicate named diseases by purchase, destruction, indemnities, and otherwise;

(8) authorize the quarantine of any State, territory, or the District of Columbia, or any portion thereof, if the contagion of, or vectors which may spread, any contagious, infectious, or communicable disease exist therein, and extend the first four sections of the act of March 3, 1905, and the related

provision in the act of June 30, 1914, to all animals (instead of livestock and poultry); and

(9) make it clear that Federal officers performing any function authorized by the Secretary of Agriculture under any Federal or State quarantine program would be covered by laws prohibiting interference with Federal officers.

The PRESIDING OFFICER. The bill is open to amendment. If there be no amendment to be proposed, the question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed for a third reading, was read the third time, and passed, as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That as used in this Act unless the context indicates otherwise—

(a) The term "Secretary" means the Secretary of Agriculture.

(b) The term "animals" means all members of the animal kingdom including birds, whether domesticated or wild, but not including man.

(c) The term "United States" means the States, Puerto Rico, Guam, the Virgin Islands of the United States, and the District of Columbia.

(d) The term "interstate" means from a State or other area included in the definition of the "United States" to or through any other State or other such area.

SEC. 2. (a) The Secretary, whenever he deems it necessary in order to guard against the introduction or dissemination of a communicable disease of livestock or poultry, may seize, quarantine, and dispose of, in a reasonable manner taking into consideration the nature of the disease and the necessity of such action to protect the livestock or poultry of the United States: (1) any animals which he finds are moving or are being handled or have moved or have been handled in interstate or foreign commerce contrary to any law or regulation administered by him for the prevention of the introduction or dissemination of any communicable disease of livestock or poultry; (2) any animals which he finds are moving into the United States, or interstate, and are affected with or have been exposed to any communicable disease dangerous to livestock or poultry; and (3) any animals which he finds have moved into the United States, or interstate, and at the time of such movement were so affected or exposed.

(b) Whereas the existence of any extremely dangerous, communicable disease of livestock or poultry, such as foot-and-mouth disease, rinderpest, or European fowl pest, on any premises in the United States would constitute a threat to livestock and poultry of the Nation and would seriously burden interstate and foreign commerce, whenever the Secretary determines that an extraordinary emergency exists because of the outbreak of such a disease anywhere in the United States, and that such outbreak threatens the livestock or poultry of the United States, he may seize, quarantine, and dispose of, in such manner as he deems necessary or appropriate, any animals in the United States which he finds are or have been affected with or exposed to any such disease and the carcasses of any such animals and any products and articles which he finds were so related to such animals as to be likely to be a means of disseminating any such disease: *Provided*, That action shall be taken under this subsection only if the Secretary finds that adequate measures are not being taken by the State or other jurisdiction. The Secretary shall notify the appropriate official of the State or other jurisdiction before any action is taken in any such
